

Appendix 1**List of products and prices of HIPAR Sp. z o. o.****„Ecorote 300”****Vertical axis wind turbine 300W**

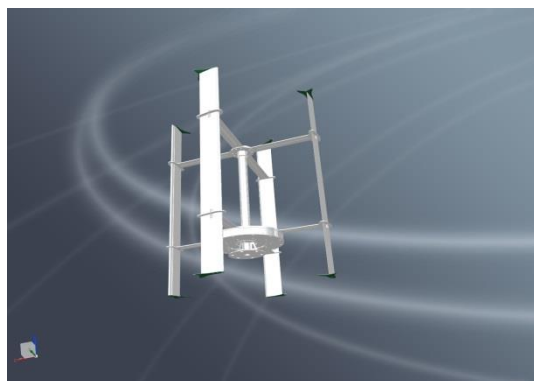

Price of the turbine – 1116,00 € net

Number of turbines: 1

Discount: 15% first order, then 20%

TOTAL: 949,00 € net, then 893 € net

❖ **Extended 10 years warranty ECOROTE 300 wind turbine –228,00 € net**

**„Ecorote 1000”****Vertical axis wind turbine 1000W**

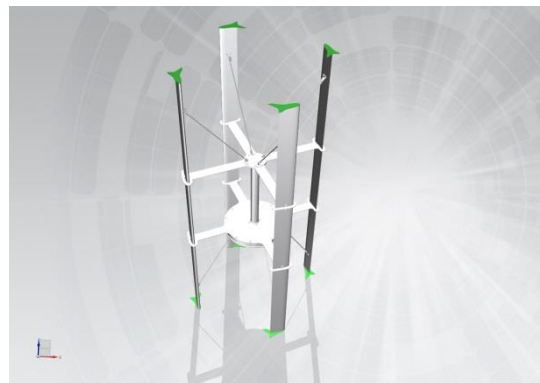

Price of the turbine 1 415,00 € net

Number of turbines: 1

Discount: 15% first order, then 20%

TOTAL: 1202,00 € net, then 1132 € net

❖ **Extended 10 years warranty ECOROTE 1000 wind turbine –259,00 € net**

The price of turbines does not include: Electronics (inverter, rectifier, etc.), supporting structure, preparation of project documentation, prepare of foundation, mounting the turbine on a supporting structure, electrical installation and connection to the grid.

„Ecorote 1500”

Vertical axis wind turbine 1500W

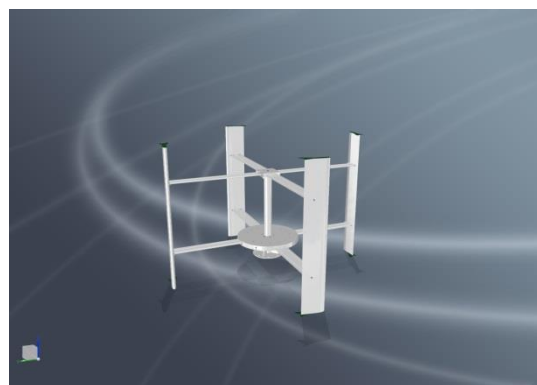

Price of the turbine **3151,00 € net**

Number of turbines: 1

Discount: 15% first order, then 20%

TOTAL: 2679,00 € net, then 2521 € net

❖ **Extended 10 years warranty** ECOROTE 1500 wind turbine – **633,00 € net**

„Ecorote 2800”

Vertical axis wind turbine 2800W

Price of the turbine **3 450,00 € net**

Number of turbines: 1

Discount: 15% first order, then 20%

TOTAL: 2933,00 € net, then 2760 € net

❖ **Extended 10 years warranty** warranty ECOROTE 2800 wind turbine –**633,00 € net**

The price of turbines does not include: Electronics (inverter, rectifier, etc.), supporting structure, preparation of project documentation, prepare of foundation, mounting the turbine on a supporting structure, electrical installation and connection to the grid.

„Ecorote 9800”

Vertical axis wind turbine 9800W

The offer includes:

- ❖ Rotor with generator
- ❖ Hipar friction brake with control board

Price of the turbine **14 030,00 € net**

Number of turbines: 1

Discount: 15% first order, then 20%

TOTAL: 11926,00 € net, then 11224 € net

- ❖ **Extended 10 years warranty ECOROTE 9800 wind turbine - 2 473,00 € net**

The price of turbines does not include: Electronics (inverter, rectifier, etc.), supporting structure, preparation of project documentation, prepare of foundation, mounting the turbine on a supporting structure, electrical installation and connection to the grid.

1. TWERD inverters:

- Wind inverter 1kw on-grid inverter – **1116,00 € net**
- Wind inverter 3kw on-grid inverter – **1219,00 € net**
- Wind inverter 3kW off grid with an integrated device for charging and discharging the batteries – **2 174,00 € net**
- Wind inverter 10kW on-grid – **3 933,00 € net**
- Hybrid Wind + PV inverter 3kW on-grid inverter – **1 415 € net**
- Hybrid Wind + PV inverter 3kW with an integrated device for charging and discharging the batteries – **2 289,00 € net**
- Hybrid Wind + PV inverter 5.5kW on-grid inverter – **1 740 € net**
- Hybrid Wind + PV inverter 5.5kW on-grid inverter (3 phase) – **2 151 € net**
- Hybrid Wind + PV inverter 5,5kW with an integrated device for charging and discharging the batteries – **2944,00 € net**
- Module for automatic switching between on-grid and off-grid – **230,00 € net**
- An independent security (braking) system for wind turbines TWERD - **460,00 € net**

2. Charge regulators:

- Hybrid charge Controller Ista Breeze 12V – 24V, 650W - **121,00 € net**
- Hybrid charge Controller Ista Breeze 12V – 24V, 800W - **270,00 € net**
- Hybrid charge Controller Ista Breeze 24V – 48V, 1000W - **374,00 € net**
- Hybrid charge Controller Ista Breeze 24V, 1500W - **788,00 € net**
- Hybrid charge Controller Ista Breeze 48V, 2000W - **719,00 € net**

3. Hipar braking resistor and electronics:

- 6000W HIPAR braking resistor for ECOROTE 300, 1000, 1500 – **52,00 € net**
- 12000W HIPAR braking resistor for ECOROTE 2800 – **104,00 € net**
- 16000W HIPAR braking resistor for ECOROTE 9800 – **282,00 € net**
- Distribution board for ECOROTE 300/1000 – **127,00 € net**
- Distribution board for ECOROTE 2800 – **207,00 € net**
- Distribution board for ECOROTE 9800 – **667,00 € net**

4. Supporting structures:

for ECOROTE 300 and 1000

- Flat-roof supporting structure – **449,00 € net**
- Flat-roof supporting structure with weight baskets – **1097,00 € net**
- Steel mast for ECOROTE 300/1000 (6 meters) - **1794,00 € net**
- Flange for a pre-stressed mast E12/6, E12/10, E12/12 – **224,00 € net** (other dimensions available on special order)

for ECOROTE 1500 and 2800

- Flat-roof supporting structure - **1593,00 € net**
- Flat-roof supporting structure with weight baskets – **2241 € net**
- Steel mast for ECOROTE 1500/2800 (6 meters) - **2703,00 € net**
- Flange for a pre-stressed mast E12/6, E12/10, E12/12 – **224,00 € net** (other dimensions available on special order)

for ECOROTE 9800

The price of turbines does not include: Electronics (inverter, rectifier, etc.), supporting, structure, preparation of project documentation, prepare of foundation, mounting the turbine on a supporting structure, electrical installation and connection to the grid.

- Flat-roof supporting structure - **2294,00 € net**
- Steel mast for ECOROTE 9800 (6 meters) - **3 450,00 € net**

* All prices based on the Euro exchange rate from 13/05/21 - 1€ = 4.55zł

The price of turbines does not include: Electronics (inverter, rectifier, etc.), supporting structure, preparation of project documentation, prepare of foundation, mounting the turbine on a supporting structure, electrical installation and connection to the grid.
